

Field Observation Sheet: Noise Monitoring

Name & Address of the Lab _____, NABL Accreditation No. _____ dated _____, Accreditation valid upto _____

NABL Accreditation valid for _____

Purpose of sampling i.e. whether for preparing EIA report/post commissioning periodic monitoring / in compliance of EC conditions/others (specify)

Lab No.	Name & Address of the project/site:					
Location/ Area (Marked on site plan/layout map to be annexed with the data sheet)						
Activities in and around the area/Location that have impact on Noise Levels,						
Date & time of monitoring						
Classification of Area i.e. whether residential / industrial / commercial / silence zone etc.						
Environmental Conditions if relevant						
	Noise Levels in dB(A) 1-Hour (Ambient)/ 15 Min (Work Zone)					Applicable Noise levels / limit in the area
